PROFILE

Creative Front-End Developer offering 2+ years of experience providing high-impact web solutions for diverse industry organizations. Skilled in designing, developing and testing multiple web-based applications incorporating a range of technologies. Aspiring to combine broad background with strong technical skills to excel as a backend developer.

PROFESSIONAL EXPERIENCE

EDCONNECT INTERNSHIP - FULLSTACK DEVELOPER

Remote - Jan - July-2021

- developed a web app(project-explorer) with latest industry tools
- reach out to team members to solve challenges

HNG INTERNSHIPS — FRONTEND DEVELOPER [INTERN]

May 2020 - August 2020

I contributed with teams of developers in developing user interfaces for a series of products within three months.

- Worked with Node.js developers to create an invoice generating app.
- Worked with PHP developers to create an airtime procurement web app
- Contributed to the frontend department of my team to deliver responsive web templates to be sold on envato

marketplace online

- Built a fun chatbot with rivescript on one of the challenges

NPOWER TECH SOFTWARE PROGRAM - FRONTEND AND BACKEND DEVELOPER [INTERN]

OCTOBER 2019 - DECEMBER 2019 0

I worked as an inter under the Federal Government youth empowerment program called Npower Tech Software during my early days of getting into tech

- Used PHP and Mysql as backend and database management technology respectively in building my final project called Menu Menu restaurant, a website.
- Designed websites with bootstrap and CSS as part of the various frontend challenges.
